- Academics
- Industry professionals
- Government professionals

Crop Science

Published by the Crop Science Society of America.
Available in print (ISSN 0011-183X), online
(ISSN 1435-0653), and CD.

Included with the *Crop Science* subscription, the *Journal of Plant Registration* publishes registration articles describing newly developed plant varieties, parental lines, germplasms, genetic stocks, and mapping populations. It ensures that improved plant materials are well-documented in the scientific literature. Published three times per year.

Indexing Coverage A ProQuest, Elsevier Scientific Bibliographic Databases, Agricola, EBSCO Publishing, Biosis, Chemical Abstracts Service, ISI Current Contents, CAB International, Environment Abstracts, GeoRef, Education Abstracts, Education Index, and Biological and Agricultural Index, J-Gate.

Impact Factor: 1.151
