

AC317 EDITORIAL BOARD, THE PLANT PHENOME JOURNAL (TPPJ)

A. Status: Special committee

B. Composition and Tenure:

The editorial board of The Plant Phenome Journal consists of the following persons:

The editors-in-chief of ASA and CSSA,

The editor of The Plant Phenome Journal,

The technical and associate editors of The Plant Phenome Journal,

The managing editor, chief executive officer, and headquarters publications director are ex officio members without vote.

Each serves as a member of the editorial board for the duration of his/her term in the position indicated above.

Per ASA Bylaws, Article X. Publications:

SECTION 1. The board of directors shall determine the general nature, number, and editorial policy and practices of publications of the society and shall solicit recommendations on these matters from persons in editorial positions. Maintenance of editorial standards of the society shall be under the direction of the editor-in-chief through the various editorial boards and committees of the society.

SECTION 2. The society shall publish an official technical journal which carries papers, official notices, committee reports, and other items of society business. This journal shall be known as *Agronomy Journal*.

SECTION 4. The editor-in-chief shall be nominated by the president and confirmed by the board of directors. The term of office for the editor-in-chief shall be for 3 years. The appointment may be terminated at any time by a two-thirds majority vote of the voting members of the board of directors. The editor-in-chief shall provide leadership and coordinate the approved editorial policies and practices of all publications of the ASA.

SECTION 5. Editorial boards shall be responsible for the content and quality of the Society's journals. Each journal editorial board shall consist of the editor-in-chief, editor, and such other persons as are necessary to accomplish editorial responsibility promptly. The appointment of an editor may be terminated at any time by a two-thirds majority vote of the voting members of the board of directors. The position of editor of a journal, and the appointee, shall be separate from that of editor-in-chief.

Per CSSA Bylaws, Article XIII. Publications:

SECTION 1. The CSSA board of directors shall determine the general nature, the number, and the editorial policy, standards, and practices of publications of the society and shall solicit recommendations on these matters from persons in editorial positions. Maintenance of editorial standards of the society shall be under the direction of the editor-in-chief through the editorial board(s) and committees of CSSA.

SECTION 2. The CSSA shall publish an official technical journal which carries papers, official notices, committee reports, and other items of society business. This journal shall be known as *Crop Science*. The *Crop Science* editorial board shall be responsible for the content and quality of the journal under the policies established by the board of directors.

SECTION 4. The editor-in-chief shall be nominated by the CSSA president and ratified by the board of directors. The term of office for the editor-in-chief shall be for three years with eligibility for reappointment for a

second three-year period, but not a third term without an intervening three-year period. The appointment may be terminated at any time by a two-thirds majority vote of the board of directors. The editor-in-chief serves as an ex officio, without-vote member of the CSSA board of directors, as an ex officio member of all CSSA editorial committees, and as a member of the editorial policy coordinating committee. The editor-in-chief shall coordinate the editorial policies and practices approved by the board of directors for all CSSA publications and carry out such functions as designated by the board of directors.

The ASA Editor-in-Chief, on behalf of the ASA President and in agreement with the CSSA Editor-in-Chief and President, appoints the Editor of The Plant Phenome Journal. The Editor is appointed for a term of three years. All ASA journals use an open call process for Editor. He/she serves as Chair of the Editorial Board and exercises continuing oversight of the review and editorial processes. The appointment of an editor may be terminated at any time by a two-thirds majority vote of the voting members of the board of directors.

Before an editor is reappointed to a second three-year term, he/she is asked by the appropriate society editor-in-chief if he/she agrees to serve another term. Technical editors and others will be contacted to determine whether the current editor has support to continue in the position and whether there are any concerns. The editor-in-chief then makes a recommendation to the appropriate society board of directors, who make the final approval. If the editor has completed two terms of service (six continuous years), does not desire to serve a second term, is terminated or non-renewed based upon action by the board of directors, or is unable to continue to serve for any reason, then an open call article will be published in CSA News. In some cases, an interim editor may be appointed by the editor-in-chief after approval of the board of directors. After the closing date published in the open call article, the editor-in-chief and the Executive Committee will review the applicants and make a recommendation to the board of directors for final approval.

The editor of The Plant Phenome Journal appoints the journal's technical and consulting editors. The technical editors of the journal serve for terms of three years and are eligible for reappointment for one additional three-year term.

The managing editor of the journal is an employee of the Alliance of Crop, Soil, and Environmental Science Societies (ACSESS) and supervises production of the journal.

C. Functions:

1. To establish editorial procedures by which manuscripts are received, reviewed, revised, accepted and published, or rejected.
2. To review and process manuscripts submitted for publication in the journal.
3. To recommend policy with respect to the journal for consideration by the ASA and CSSA boards.
4. To promote the journal with regard to subscribers, manuscript submissions, and general visibility to society members and others.
5. To hold a meeting of the editorial board during the ASA–CSSA–SSSA annual meetings to review the status of the journal and to prepare recommendations for the board of directors.
6. To assist the editor in preparation of a written annual report to be submitted to the ASA and CSSA boards of directors.

D. Editor's Responsibilities:

1. The editor of The Plant Phenome Journal appoints technical and associate editors for the journal after consultation with the ASA and CSSA editors-in-chief and on behalf of the ASA president.

Copies of all letters of appointment must be forwarded to the ASA and CSSA presidents and the headquarters office.

2. Associate editor appointments shall be made in sufficient time that appointees may attend the editorial board meeting held at the Society's(ies) annual meeting.

E. Presidential Responsibilities:

1. The ASA president approves the appointment of the editor of the journal upon recommendation by the ASA and CSSA editors-in-chief and in consultation with the retiring editor and senior technical editors. The ASA editor-in-chief appoints the editor.
2. Exercises oversight so as to be aware of any substantive problems arising in connection with the management of the journal, and, after consultation with the ASA and CSSA editors-in-chief and the editor of the journal, initiates recommendations to the executive committees and/or boards to alleviate the problems.
3. Cooperates with the editorial board in its activities, as appropriate or in response to need.
